### SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that the disease of rheumatism, confounder of the mind, etc., are due to degeneration of the nerve centers which supply the brain with nervous force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arises from the degeneration of the nerve centers implying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nervous system is like a network of veins, as will be seen by the accompanying cut.
